Green Horizon

Foliage catalogue

Export-grade foliage

Three foliage varieties grown to export standards and delivered to trading companies that take them to international markets. The palm grows in the temperate climate of Cachipay; the eucalyptus in the cool highlands at Finca El Mirador.

Export-grade foliage

Pygmy date palm (rubelina)

Finca El Horizonte. Temperate climate

Our flagship product. Deep green, long-lasting foliage used as the base of floral arrangements around the world. Every frond is cut, de-thorned and checked by hand.

Presentation	Bunches of 10 fronds, in 50–55 cm and 60 cm.
Grown at	Cachipay, Cundinamarca, Colombia

Peak seasons: Valentine's Day (February), Mother's Day (March to May) and Christmas (December).

Secure your seasonal volume by ordering ahead.

Export-grade foliage

Finca El Mirador

Baby Blue and Silver Dollar eucalyptus, which need the mountain cold to develop their silver colour.

Baby Blue eucalyptus

Silver-blue, fragrant foliage, in high demand for bouquets and seasonal arrangements.

Presentation	Bunches of 10 stems, in 55 cm and 60 cm.
Grown at	Finca El Mirador, Bojacá, Cundinamarca, Colombia

Silver Dollar eucalyptus

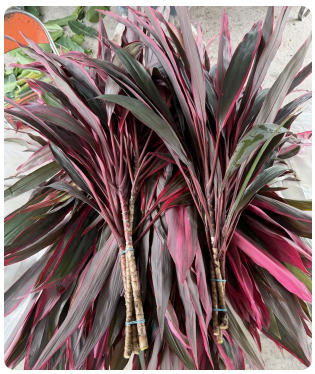

Round, silvery leaves: elegant, with a long vase life.

Presentation	By the bunch or by the stem.
Grown at	Finca El Mirador, Bojacá, Cundinamarca, Colombia

Domestic market

Tropical foliage and nursery

Colourful tropical foliage and flowers for florists and events in Colombia, and plant material from our nursery for growers.

Red cordyline

Long leaves in wine, pink and green that bring colour and character to arrangements.

Presentation	Tied bunches.
Grown at	Finca El Horizonte, Cachipay, Cundinamarca, Colombia

Red and pink ginger

A striking tropical flower, ideal for décor and events.

Presentation	By the stem or by the bunch.
Grown at	Finca El Horizonte, Cachipay, Cundinamarca, Colombia

Palm plants and seeds

Bagged pygmy date palm plants, seeds and loose fronds, for planting or to round out your orders. Availability depends on the season.

Presentation	Bagged plants, seeds or loose fronds.
Grown at	Finca El Horizonte, Cachipay, Cundinamarca, Colombia
